Resolved that the minutes of the meeting held on 25 March 2025 be approved and signed by the Chairman.

176/24 Matters Arising from the Minutes of 25 March 2025 – There were no matters arising.

177/24 Chairman's Announcements – There were no announcements.

178/24 Open Forum – A member of the public addressed the Parish Council with regard to damage to a headstone on her father's grave in Adderbury Cemetery. The member of the public believed that the damage to the headstone had been caused when it was hit by a generator belonging to one of the Parish Council's contractors and therefore, the costs for the repairs should be covered by the Parish Council, which were circa £600.00.

The member of the public had taken a photograph of the generator and advised that the damage had been caused between 18 November 2024 and 20 December 2024. The Chairman of the Parish Council, Diane Bratt, had attended a site meeting to discuss the matter.

At the last meeting of the Parish Council, it had agreed not to cover the cost of the repairs because there was no evidence to determine how the damage had been caused and the Rules and Regulations of Adderbury Cemetery stated that maintenance of headstones were the responsibility of the owner of the grave.

The member of the public felt that the repair was not a maintenance matter, it was damage which had been caused by a Parish Council contractor.

ADDERBURY PARISH COUNCIL

The Clerk advised that the headstone repair would not be covered by the Parish Council's insurance because it was not a Parish Council asset and an explanation as to how the damaged had been caused could not be offered without any evidence. The Clerk also reminded the Parish Council that in its Standing Orders, it could not change a decision within six months, unless the decision which had been made was illegal, which did not apply in this case.

In the absence of the Chairman of the Parish Council, the Parish Council could not comment on the discussions during the site meeting. Taking this into account and given the decision could not be changed at this meeting, the Parish Council contractors who had worked in the Cemetery would be contacted again, with a photograph to establish whether they had used this piece of equipment. **Action TG**

The member of the public agreed to forward the photograph of the generator to the Clerk.

The member of the public was thanked for addressing the Parish Council and left at this point.

(For information, following guidance from the National Association of Local Councils, the Parish Council did not specifically name individual residents and provide details of issues within its minutes, unless they are addressing the Parish Council in an official capacity or they specifically request for their name to be included)
