CDC and the Partridge Court landowner to explore the feasibility of formalising a flow route from Partridge Court car park to the open ditch behind the properties in Round Close Road, to alleviate the ponding of water in Partridge Court car park.	nfm/scheme	CDC, Partridge Court landowner	OCC LLFA, Parish Council	01/07/2026	System underneath Partidge Court partially collapsed so a repair is going to be made . This repair is believed to potentially mean this receommednation can be closed? PC discussing with Landowner on further progress	Ongoing
Environment Agency to consider using their permissive powers under the Land Drainage Act 1991 to ensure riparian owners along the Main River carry out required channel maintenance.	investigation/data	EA	Landowners	19/06/2026	If there are any riparian concerns with main rivers, The EA requests residents to report a blockage on the Gov.uk website: https://www.gov.uk/report-river-blockage . They can also email enquiries_thm@environment-agency.gov.uk or call the Environment Agency incident hotline: 0800 80 70 60. You can find out more about your rights and roles on the EA Engagement HQ website: https://engageenvironmentagency.uk.engagementhq.com/your-watercourse-rights-and-roles	Complete
Environment Agency to explore the feasibility of implementing upstream flood alleviation measures to attenuate peak flows reaching the Sor Brook at Adderbury.	investigation/data	EA	OCC LLFA, CDC, Landowners, Parish Council	22/05/2026	22/05 - no comment from EA at the moment,	Not started
Owner of the Old Mill House to discuss with the Environment Agency the feasibility of works to improve capacity through the side sluice.	nfm/scheme	Landowner, EA	OCC LLFA, CDC	01/07/2026	PC applied for grant funding, landowner Agrees action. Planned for September 2026	Ongoing

Landowner to discuss with the Environment Agency the feasibility of raising the RHB of the Mill Stream between Water Lane and Church Bridge, ensuring that flood risk isn't transferred elsewhere.	nfm/scheme	Landowner, EA	OCC LLFA, CDC	02/07/2026	Elements of this were explored through a Priority Action Grant last year that was dropped from the calls with the EA requiring modelling and the complex FRAP process, so instead alternative works in Adderbury were funded.	Ongoing
OCC Highways to review the current maintenance programme for their drainage assets in Adderbury, and look to increase the frequency of cleaning, in line with current Countywide Highway Maintenance Programme and funding availability.	maintenance	OCC Highways		23/07/2026	Following the successful Countywide Cleanse during 2025/26, Highways are now adopting a risk-based approach to the annual cleanse. As part of this, those areas where a S19 report has been either produced or is in preparation will be considered a priority and will receive an ongoing annual cleanse. The Highways cleansing programme can be found on this page: https://www.oxfordshire.gov.uk/transport-and-travel/roadworks/how-we-maintain-our-roads	Complete

OCC Highways, CDC and Partridge Court landowner to explore possible causes of limited network capacity, which may have contributed to the internal property flooding in: · Round Close Road · Tanners Close · Partridge Court Investigations to include a camera surveys of highway gullies and the main pipe from Round Close Road through to the playing fields. Investigations to identify recommendations for potential network improvements.	investigation/data	OCC Highways, CDC, Partridge Court landowner	OCC LLFA, Parish Council	01/07/2026	CCTV surveys completed in November 2025. Work still needed under Partridge Ct CP -- PC discussing with owner. PC replacing pipe in playing field -- autumn 2026	Ongoing
OCC LLFA to explore the spring flows emerging from the north side of Round Close Road and possible ways to formalise the routing of these flows into the drainage network.	investigation/data	OCC LLFA	OCC Highways,CDC			Not started
OCC LLFA and Environment Agency to work with landowners to discuss willingness for natural flood management (NFM) measures to be implemented on rural land upstream of Adderbury to slow and / or attenuate flows.	engagement/comms	EA	Landowners, Parish Council, CDC	26/11/2025	JF meeting on 21/11/2025 with EA - Adderbury PC want to dicuss potentiall NFM options with Thames21.	Ongoing
Parish Council and residents to continue with the construction of the relief trench currently being dug to release flow away from Dog Close and back into the Sor Brook.	nfm/scheme	Parish council, Residents	CDC, OCC LLFA, EA	01/07/2026	This relief trench was completed by OCC as part of their drainage work in Dog Close , Dec 2024	Complete

Parish Council / landowners to review the feasibility of constructing two new sections of channel to alleviate flood water pressure away from key stress areas. The first being a relief channel to 'cut' the meander downstream of Dog Close bridge; the second to remove flow from the Mill Stream upstream of the Mill House towards the Sor Brook and the playing fields floodplain.	nfm/scheme	Parish Council/Landowners	EA, OCC LLFA, CDC	19/06/2026	Relief channel between streams has issues. 22/05 - issues with landowner permissions on second stream	Closed
Explore the willingness to implement property flood resilience measures (PFR). Guidance on PFR measures can be viewed through Ciria document (C790F) and a link to this document is provided below: https://www.ciria.org/ItemDetail?iProductCode=C790F&Category=FREEPUBS&WebsiteKey=3f18c87a-d62b-4eca-8ef4-9b09309c1c91 Funding in the form of grants, may be available to support the property owners in delivering PFR measures – see Section 5.1.	PFR	Property owners	OCC LLFA, CDC, Parish Council	06/08/2026	Useful information on PFR is available on our Flood Toolkit and could be used to inform homeowners of the options available. There are currently no grants available under DEFRA's Flood Recovery Framework for PFR measures. Should funding become available in the future from either DEFRA or OCC, residents will be contacted, and our Oxfordshire Flood Toolkit updated. Where events arise where PFR will be advertised, we will promote this to residents.	Continuous Monitoring
Residents to sign up for Flood Alerts and Warnings and develop a personal flood plan. Guidance on this can be found at: Oxfordshire County Council – Flood Toolkit	community resilience	Residents	Parish Council, CDC, OCC LLFA	28/08/2026	On JORTs community emergency plan list. Residents' Flood Action group has been created and is ongoing.	Complete

Residents and the Parish Council to set up a flood action group. Through this action group, discuss the issues and recommendations from this S19 report. With support from CDC & OCC develop emergency resilience plans.	community resilience	Residents, Parish Council	OCC LLFA, CDC	28/08/2026	On JORTs community emergency plan list. Residents' Flood Action group has been created and is ongoing.	Complete
Thames Water to consider the viability of options for adjusting the position of their pipe on the downstream side of Dog Close Bridge to reduce the risk of debris blocking the bridge and channel.	investigation/data	Thames Water	CDC, OCC LLFA	01/07/2026	OCC requested updates 01/06/26. PC has continued to chase TW but no contact has yet been established -- no response from TW.	Not started
Thames Water to conduct ongoing and regular maintenance of Thames Water assets. This could involve regular checks for blockages in the system, considering repairs to any damaged structures to reduce the risk of surcharge and identifying area parts of their network that may be undercapacity.	maintenance	Thames Water		01/07/2026	OCC requested updates 01/06/26. PC has continued to chase TW but no contact has yet been established -- no response from TW.	Ongoing
