Design solution

spray when wind is blowing toward you or in anyone else's direction. If you get paint in eyes, wash eyes

anyone else's direction. Use sensibly. If necessary, supply fresh air, consult doctor in case of symptoms.

spray when wind is blowing toward you or in anyone else's direction. If you get paint on skin wash with soap and to avoid injury to members of the public

conditions: potholes, uneven ground or rabbit holes. Wear appropriate footwear: sturdy shoes, boots or trainers trying to park, maintain vigilance. Volunteers not to spray on roads but to remain on pavements, paths and green spaces. Keep away from the edge of the road as far as possible Wear light or reflective clothing trying to park, maintain vigilance. Volunteers not to spray on roads but to remain on pavements, paths and green spaces. Keep away from the edge of the road as far as possible Wear light or reflective clothing wash the contaminated item thoroughly. Have cleansing products available nearby. (E.g. Sterile hand gel, wet wipes, paper towels)

thoroughly when finished.

Volunteers should avoid putting themselves at risk and are advised not to confront dog owners who fail to pick up after their dogs. Ensure someone knows where you are and what time you will be back

-

Severity			
0	No injury or illness		
1	First aid injury or illness		
2	Minor injury or illness		
3	"7 day" injury or illness		
4	Major injury or illness		
5	Fatality, disabling injury
